Anne Hunter – Welcomed everyone

Anne Hunter asked about changes in graduation requirements.

After some discussion, it was determined that the USOE has put together a committee to explore the possibility of adjusting the elective credit requirements. The modified requirements are to help students meet individual needs.

Dr. Dunn reviewed the current status of the LAND Trust budget. He would like to use part of the balance to update and replace books being used by the English Department. Funds are also needed to pay substitutes for teacher training.

Mr. Wihongi reported that data for the school is in a holding pattern at this time, due to USOE changes in testing students. He did have some comparison data showing that the number of F's earned by students each term showed a drop in the last 3 years.

Mr. Wihongi asked the Council to fill out a short survey about their preferred methods of communication with Teachers, Schools and the District Office.

Mr. Wihongi asked Council members if anyone would be interested in participating in a Task Force Scott Bushnell is forming. The Task Force is to look at the possibility of developing a district wide dress code. Dani Eisert, Kelly Taoalii and Jennica Murray volunteered.

Next SCC Meeting will be March 6th.
