

Community Council Agenda Thursday, November 6, 2014

1. SAGE Testing — a brief presentation about the new test and its implications. The areas that need most attention are math and English.
2. Are we spending Trust Land money where we get the best results for student learning?
3. Shall we allocate additional funds to upgrade laptops with more RAM?
4. Funds to purchase additional library books have not been used. Shall we amend our plan and use the money elsewhere?
5. Has the district committed to help pay for the reading assessment? It is something they have been considering.
